	Skills Assessment	44				N/A		F2F/S	
	Practical Placement - 250 hours in an approved workplace							W	
Census day	First business day of student completing 20% of the unit of study								
Unit of Study (UoS)	Is the cluster of units to be delivered within each study period. These Units of Study (UoS) include all units of competency commenced within this study period. Assessment for the unit may fall in a latter uit of study.								
Unit of Competency (UoC)	Units of Competency (UoC) is the individual unit within each Unit of Study. These Units of Competency (UoC) may be moved between the UoS to accommodate placement requirements and unit completions status if required. Most units require practical placement and will not be deemed competent until the final practical observations.								
Nominal Hours	These are portioned over the duration of the full course and are not limited to the UoS, as the amjority unit require practical placment and an industry task book prior to completion/competency.								
RPL	RPL fee calculated as 75% of the (Total fees divided by total number of units), RPL is time concuming and can take as long as deleivering the unit.. If a student is seeking RPL the total fee cost will be less the difference of \$80 per unit. VET Providers that choose to charge a tuition fee for Recognition of Prior Learning (RPL), must report separate VET unit/s of study for the RPL assessment process. The EFTSL value for an RPL unit should reflect the amount of time/effort required from the student and should be proportional to non-RPL units.								
Credit Transfer	Deduct the cost of each CT unit from that fee period. Cost of each unit calculated at (Total fees divided by total number of units) = \$321 per unit.								
EFTSL	One Equivalent Full-Time Student Load (EFTSL) is a measure of the study load, for a year, of a student undertaking a course of study on a full time basis.
